The natural water of Mt.Fuji is
"water" which has unlimited possibilities.

The whisky "Mt. Fuji" is a forested area of 1,000 m above sea level
Mt. Fuji forest area it is split from the basement 160 meters below
the basement rock layer peculiar to Mt. Fuji, which is polished over
a long period of time, finished with splashed natural water I will.
Adult time when the stars shine in the night sky and the moon
smiles
Please enjoy the story of yourself with fragrant, tasty rich whisky
"Mt. Fuji".
